Vale Towers is a striking castellated Gothic building dating circa 1852, originally constructed as Rose Hill School and now one of Tunbridge Wells' most distinctive Grade II listed residences. Positioned on the iconic Inner London Road, running parallel with the green heart of town, Tunbridge Wells Common, this landmark building offers character, scale and architectural presence rarely found in central apartments.

Situated on the second floor and one of just twelve apartments within the building, this property presents an exciting opportunity for the next owner to modernise and create a spacious, well-proportioned town centre home tailored to their own style.

At the heart of the apartment is the impressive bay-fronted living room, enjoying peaceful, elevated green views to the rear and notable ceiling height that enhances the sense of space and light. A generous principal bedroom and well-sized second bedroom offer flexibility for guests, home working or a growing household.
